L'Institut a microfilmé le meilleur exemplaire
qu'il lui a été possible de se procurer. Les détails
de cet exemplaire qui sont peut-être uniques du
point de vue bibliographique, qui peuvent modifier
une image reproduite, ou qui peuvent exiger une
modification dans la méthode normale de filmage
sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Library of Congress
Photoduplication Service

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

pages suivantes ont été reproduites avec le
grand soin, compte tenu de la condition et
l'état de l'exemplaire filmé, et en
conformité avec les conditions du contrat de
filmage.

Exemplaires originaux dont la couverture en
papier est imprimée sont filmés en commençant
par le premier plat et en terminant soit par la
dernière page qui comporte une empreinte
dactylographique ou d'illustration, soit par le second
plat selon le cas. Tous les autres exemplaires
sont filmés en commençant par la
première page qui comporte une empreinte
dactylographique ou d'illustration et en terminant par
la dernière page qui comporte une telle
empreinte.

Cartes, planches, tableaux, etc., peuvent être
filmés à des taux de réduction différents.
Si le document est trop grand pour être
filmé en un seul cliché, il est filmé à partir
de l'angle supérieur gauche, de gauche à droite,
de haut en bas, en prenant le nombre
de clichés nécessaire. Les diagrammes suivants
